A judge shall not extend the period of time in excess of six hours beyond the initial six-hour period.
 - E. “Public place” includes stores, parking lots, parks, playgrounds, streets, alleys, and sidewalks dedicated to public use and also includes such parts of buildings and other premises, whether publicly or privately owned, that are used by the general public or to which the general public is invited commercially for a fee or otherwise; or in or on which the general public is permitted without specific invitation; or to which the general public has access. For purposes of this section, a vehicle or other conveyance is considered to be a public place when in the areas defined above.

- F. “Responsible adult” means a parent, guardian or other adult specifically authorized by law or authorized by a parent or guardian to have custody or control of a minor.
2. Curfew Established. It is unlawful for any minor to be or remain upon any of the alleys, streets or public places or to be in places of business and amusement in the City between the hours of 10:00 p.m. and 5:00 a.m. of the following day on days commencing on Sunday, Monday, Tuesday, Wednesday, Thursday, Friday, and Saturday.

 - (5) Assembly such as a march, protest, demonstration, sit-in or meeting of an association for the advancement of economic, political, religious or cultural matters, or for any other activity protected by the First Amendment of the U.S. Constitution guarantees of free exercise of religion, freedom of speech, freedom of assembly or, if traveling, within one hour after the end or before the beginning of the activity.
 - D. The minor is on an emergency errand for a responsible adult;
 - E. The minor is engaged in interstate travel through the City beginning, ending or passing through the City when such travel is by direct route.
4. Responsibility of Adults. It is unlawful for any responsible adult knowingly to permit or to allow a minor to be in any public place in the City within the time periods prohibited by this section unless the minor’s presence falls within one of the above exceptions.
5. Enforcement Procedures.
- A. Determination of Age. In determining the age of the juvenile and in the absence of convincing evidence such as a birth certificate or driver’s license, a law enforcement officer on the street shall, in the first instance, use his or her best judgment in determining age.

B. Grounds for Arrest; Conditions of Custody. Grounds for arrest are that the person refuses to sign the citation without qualification; persists in violating the ordinance; refuses to provide proper identification or to identify himself or herself; or constitutes an immediate threat to the person's own safety or to the safety of the public. A law enforcement officer who arrests a minor for a curfew violation may keep the minor in custody either in a shelter care facility or in any nonsecured setting. The officer shall not place bodily restraints, such as handcuffs, on the minor unless the minor physically resists or threatens physical violence when being taken into custody. A minor shall not be placed in detention following a curfew violation.

C. Notification of Responsible Adult. After a minor is taken into custody, the law enforcement officer shall notify the adult responsible for the minor as soon as possible. The minor shall be released to the adult responsible for the minor upon the promise of such person to produce the child in court at such time as the court may direct.

D. Minor Without Adult Supervision. If a law enforcement officer determines that a minor does not have adult supervision because the law enforcement officer cannot locate the minor's parent, guardian or other person legally responsible for the care of the minor, within a reasonable time, the law enforcement officer shall attempt to place the minor with an adult relative of the minor, an adult person who cares for the child or another adult person who is known to the child.

6. Penalties.

A. Responsible Adult's First Violation. In the case of a first violation by a minor, the law enforcement officer shall, by certified mail, send to the adult responsible for the minor, written notice of the violation with a warning that any subsequent violation will result in full enforcement of the curfew ordinance against both the responsible adult and minor, with applicable penalties.

B. Responsible Adult's Second Violation. Any responsible adult as defined in this section who, following receipt of a warning, knowingly allows the minor to violate any of the provisions of this section is guilty of a municipal infraction.

C. Minor's First Violation. In the case of a first violation by a minor, the law enforcement officer shall give the minor a written warning, which states that any subsequent violation will result in full enforcement of the curfew ordinance against the responsible adult and the minor, with applicable penalties, or, at the law enforcement officer's discretion, may issue the minor a citation for a first violation.

D. Minor's Second Violation. For the minor's second and subsequent violations of any of the provisions of this section, the minor is guilty of a municipal infraction.

46.02 CIGARETTES AND TOBACCO. It is unlawful for any person under 21 years of age to smoke, use, possess, purchase, or attempt to purchase any tobacco, tobacco products, alternative nicotine products, vapor products, or cigarettes. Possession of tobacco, tobacco products, alternative nicotine products, vapor products, or cigarettes by an individual under 21 years of age shall not constitute a violation of this section if the individual under 21 years of age

possesses the tobacco, tobacco products, alternative nicotine products, vapor products, or cigarettes as part of the person's employment and said person is employed by a person who holds a valid permit under Chapter 453A of the *Code of Iowa* or who lawfully offers for sale or sells cigarettes or tobacco products.

(Code of Iowa, Sec. 453A.2)

46.03 CONTRIBUTING TO DELINQUENCY. It is unlawful for any person to encourage any child under 18 years of age to commit any act of delinquency.

(Code of Iowa, Sec. 709A.1)

CHAPTER 48

NOISE AND NOISE LIMITS

48.01 Definitions

48.02 Noise Prohibitions and Limited Sound Sources

48.03 Enforcement

48.09 Permits to Exceed Limits

48.01 DEFINITIONS. For use in this chapter, the following terms are defined:

1. “A-weighted sound level” means the sound pressure level in decibels as measured on a sound level meter using the A-weighting network. The level so read is designated dBA.
2. “Commercial” means any property located within the Commercial or Central Business District areas on the current City Zoning Map.
3. “Construction equipment” means the implements used in an operation or activity, or everything except personnel, needed to build, to repair, or to erect.
4. “Decibel” means a unit for measuring the volume of a sound equal to 20 times the logarithm to the base 10 of the ratio of the pressure of the sound measured to the reference pressure, which is 20 micropascals (20 micronewtons per square meter).
5. “Exhaust system” means the device or combination of devices that collects the exhaust from the engine or motor, delivers the exhaust to the atmosphere, and reduces the noise emissions. “Exhaust system” includes manifold or headers, exhaust pipe, muffler, and tail pipe.
6. “Farm equipment” means the implements used in an operation or activity, or everything except personnel needed, for cultivation or production of crops of any nature, or raising of any type of animal embraced within the term “livestock.”
7. “Gross vehicle weight rating” means the value specified by the manufacturer as the recommended maximum weighted load of a single motor vehicle. When trailers and tractors are separable, the gross combination weight rating is the value specified by the manufacturer as the recommended maximum loaded weight of the combined vehicle.
8. “Industrial” or “industrial district” means any property designated for any industrial use as defined in this Code of Ordinances.
9. “Motor vehicle” means every vehicle which is self-propelled.
10. “Noise disturbance” for purposes of this chapter, means any transmission of sound across a real property boundary from a source specifically limited by this chapter, which exceeds the sound level limits set forth in Table I entitle *Maximum Permissible Sound Levels From Limited Sources by Receiving Land Use* (found at the end of this section).
11. “Real property boundary” means an imaginary line along the ground surface, and its vertical extension, which separates the real property owned by one person from that owned by another person, but not including intra-building real property divisions.
12. “Receiving land use” means, for purposes of this chapter, the use or occupancy of the property which receives the transmission of sound.

13. “Residential” or “residential district” means any property on which is located a building or structure used wholly or partially for living or sleeping purposes. This definition does not include park custodial residences or school or college dormitories.
14. “Sound level” means the weighted sound pressure level contained by the use of the sound level meter and A-weighting network, such as a, b, or c as specified in *American National Standards Institute Specifications for Sound Level Meters*, ANSI S1.4-1971. If the frequency weighting employed is not indicated, the A-weighting shall apply.
15. “Sound level meter” means an instrument used to measure sound pressure.
16. “Sound pressure” means the instantaneous difference between the actual pressure and the average or barometric pressure at a given point in space, as produced by sound energy.
17. “Sound pressure level” means 20 times the logarithm to the base 10 of the ratio of the root means squared sound pressure to the reference pressure of 20 micropascals.
18. “Sound” means an oscillation in pressure, particle displacement, particle velocity, or other physical parameter, in a medium with internal forces which cause compression and rarefaction of that medium. The description of sound may include any characteristic of sound, including duration, density, and frequency.
19. “Used” or “occupied,” for purposes of this chapter, where either word appears, shall be deemed to include the words “intended, designed, or arranged to be used or occupied.”

TABLE I		
Maximum Permissible Sound Levels From Limited Sources by Receiving Land Use		
Zoning Category of Receiving Land Use	Legal Time	Sound Level Limit (dBA)
Residence District	7:00 a.m. to 10:00 p.m. 10:00 p.m. to 7:00 a.m.	60 50
Commercial District	At all times	65
Industrial District	At all times	75

48.02 NOISE PROHIBITIONS AND LIMITED SOUND SOURCES. The following sound sources are limited by this chapter:

1. No person shall perform, create, cause, or permit a radio, television set, musical instrument, or any other device to produce, reproduce, or amplify sound to create a noise in excess of 86 dBA at 25 feet from such device when operated on a motor vehicle.
2. No person shall use a muffler cutout, bypass, or similar device on a motor vehicle on a public highway.
3. Every motor vehicle shall be, at all times, equipped with an exhaust system in good working order and in constant operation to prevent excessive or unusual noise and annoying smoke. (The intent of this provision is that it is necessary to prevent both noise and smoke, and either one constitutes a violation.) Noise which is measured at a distance of at least 25 feet from the near side of the nearest lane being monitored at a

height of at least four feet above the immediate surrounding surface as follows shall be excessive or unusual noise:

Motor Vehicle Designation	Sound Pressure Level, dB(A)	
	Speed Limit 35 MPH or Less	Speed Limit Over 35 MPH
Motor vehicles or a combination of vehicle towed by a motor vehicle with a manufacturer's gross vehicle rating or gross combination weight rating or 10,000 pounds or more	90 dBA or more	90 dBA or more
Any other motor vehicle or any combination of vehicles towed by any motor vehicle	80 dBA or more	80 dBA or more

1. 4. No person shall operate automobile radios, tape decks, players, or other standard automobile equipment if the sound emitted is plainly audible for more than 50 feet from the vehicle.

2. 5. **Animals and Birds.** No person shall own, possess, or harbor any animal or bird which frequently or for continued duration emits sounds native to the species which are a noise disturbance.

3. 6. **Radios, Televisions, Phonographs, Etc.** No person shall operate, play, or permit the operation or playing of any radio, television, phonograph, drum, musical instrument, sound amplifier, or similar device which produces, reproduces, or amplifies sound at a sound level which creates a noise disturbance. Church or clock carillons, bells or chimes, parades or processions (provided the conditions of the permit are met), mobile radio or telephone signal devices, and sanctioned racing events are all excepted from the provisions of this subsection.

4. 7. **Lawn Equipment.** No person shall use or operate or permit the use or operation of a power lawn mower, power trimmer, leaf blower, leaf vacuum, garden tiller, or other gasoline or electric-powered device intended for mowing, trimming, or working on a lawn or garden between the hours of 10:00 p.m. and 7:00 a.m. the following morning if such use or operation creates a noise disturbance as defined in this chapter. No person shall use or operate or permit the use or operation of a gasoline-powered lawn or garden equipment which does not have a muffler if such use or operation creates a noise disturbance as defined by this chapter.

5. 8. **Chain Saws.** No person shall use or operate or permit the use or operation of a power chain saw between the hours of 10:00 p.m. and 7:00 a.m. the following morning if such use or operation creates a noise disturbance as defined in this chapter.

6. 9. **Solid Waste Collection and Hauling Equipment.** No person shall use, operate, or permit the use or operation of any solid waste collection or hauling equipment between the hours of 10:00 p.m. and 6:00 a.m. the following morning if such use or operation creates a noise disturbance as defined in this chapter.

7. 10. Official Vehicles. Governmental, police and fire equipment, public utility company equipment, railroad company equipment, and emergency vehicles such as ambulances and helicopters are exempt from the provisions of this chapter.

8. 11. Construction Equipment. The operation of construction equipment between the hours of 7:00 a.m. and 10:00 p.m. shall not be subject to the limitations set out in Table I of Section 48.01 of this chapter. However, no person shall use or operate or permit the use or operation of construction equipment between the hours of 10:00 p.m. and 7:00 a.m. the following morning if such use or operation creates a noise disturbance as defined in this chapter.

9. 12. Exempt Equipment. Persons operating the following equipment are exempt from the provisions of this chapter: farm equipment, snow blowers, and snow plows.

10. 13. Portland Cement Concrete Joint Sawing Equipment. A contractor performing duties in connection with an approved subdivision plan or a City public improvement project may perform necessary joint sawing of pavement upon approval of the City Engineer and shall be exempt from this chapter.

48.03 ENFORCEMENT. The provision of this chapter which prohibits the making, continuing, or causing the making or continuance of a noise disturbance shall be enforced only upon receipt of a complaint made or filed with the City officials by a person disturbed by such noise disturbance. Certification by an official charged with enforcement of provisions of this chapter that such complaint was made shall be sufficient to establish the fact of complaint. However, peace officers may enforce violations of Section 48.02, Subsections 2, 3, and 4 of this chapter without necessity of such complaint.

48.04 PERMITS TO EXCEED LIMITS. The Council, on written application, for good cause shown, may grant a special permit to exceed the sound and/or time limits established in Section 48.02, Subsection 1 for specific activities generally or for limited times and dates provided that the sound level does not exceed 75dBA at the receiving land use.
